Dear George and Shirley,

As you would be aware Matthew, Linda and family passed through Brisbane recently and I caught up with them briefly. During their visit young Timothy mentioned that it was his 7th birthday the next day.

That started me thinking that I had been remiss in not remembering the boys birthdays, so could you please provide me with the appropriate details. Perhaps a list of the dates of birth of all four boys and also some idea of their individual hobbies and interests. For example, do they like reading. When I checked the Sydney telephone book to confirm their addresses neither of the two I had for John and Jenny were listed. The latest address I have for them is 56 Wideview Rd, Berowra Heights. Could you please confirm that this is correct.

Hoping this finds you both in good health, especially Shirley as Matthew mentioned you had been unwell recently.

Best of good wishes to all the family.

Kindest regards
